on Tuesday 4 August**

**Geoff Swain, RC Box Hill**

## Publishing New Members & PHFs in The Notice Board

This information is published once a month. The details are derived from the Monthly Attendance Reports received from each Club.

There is no need for Club Secretaries (or other Club representatives) to provide this information via a separate email. The distribution list included in the Attendance Report covers all people at District level that need to know this information. Clubs communicate new member information to RI through 'RI Member Access' and PHF information to RDU directly.

Regards,

**Don Kerley, Acting District Secretary**

## Inside this edition:

Rotary Environmental Planting Scheme—Glenaroua— 2  
amended date and corrected map references

Please forward any articles to your editor, Glenda Sherwin-Lane, at [gsl-mail@bigpond.net.au](mailto:gsl-mail@bigpond.net.au) by noon Friday for publishing in the next issue. Logos, pictures, etc should be compressed to ensure the file size of *The Notice Board* remains under 1 megabyte in total. Larger files will be returned for editing before inclusion.

Thank you for your assistance in this matter.  
PP Glenda Sherwin-Lane, RC Waverley

# ROTARY ENVIRONMENTAL PLANTING SCHEME

A Project of the Rotary Club of Manningham Inc.  
District 9810

## ROTARY TREE PLANTING DAY (Please note change of date)

**Due to the land care planting site preparation not being completed, the planting day has been moved to Sunday 9 August**

As part of our ongoing R.E.P.S. programme, to help reduce 'the salinity problem' in the Goulburn/Murray Rivers and **the re-forestation of this area**, the President and members of the Rotary Club of Manningham invite you and/or your club to take part in our tree planting day on Sunday 9 August 2009 where 8,000-10,000 small trees will be planted in the **Glenaroua-Broadford** area.

The aim of the scheme is to attack this salination problem at this source, which is known as the recharge area. This is where the water table enters the land, to fill the artesian storage to bring the water table to the surface; hence the rising salted water causes devastation of plant life, eventually causing the **disastrous** salinity problem of the Goulburn/Murray Rivers, plus increase the reforestation and bio-diversity capacity of this area.

We need your commitment and the possible number of members and friends who can attend, to register before 27 July 2009. Upon registration a detailed map will be sent to you. People attending will need to bring **warm clothing, strong footwear, rainwear and gardening gloves**. Rotary will provide the equipment and material for the actual planting.

**Arrival 8.30am** at Glenaroua; as we would like to start planting at **9am**.

Morning tea will be provided on site. At the conclusion of the planting at approximately **1.30pm**, a BBQ lunch will be proved at the CFA Fire Station near the site.

### Activity Requires teams of 3 or 4

- 1 planting
- 1-2 Placing & Sinking Tree guards
- 1 supplying tree guards, stake, etc.

### Directions:

Glenaroua is situated between Pyalong & Tallarook north of Melbourne: **Melway Map 610 L7**

**RACV Vic Roads Map 60 H3 or 61 A3**

### Please note corrected map references

#### Suggested Travel Route: Distances are approximate

- ↑ From Melbourne travel along Hume Highway
- ↔ Veer left to Kilmore (Northern Highway) (20 ks)
- ↑ Through Kilmore follow Northern Highway to Pyalong (17 ks)
- ⇒ Turn right at Mollison Street (just past the bridge). (This is the Pyalong-Seymour Rd)
- ↑ Continue along this road to Glenaroua (look for Rotary signs) (11 ks)
